VOYAGEURS NATIONAL PARK

Kabetogama
LAKE

It's like being in a Minnesota Postcard

In Minnesota, the land of ten thousand lakes, Kabetogama is an enchanted combination of sky blue waters and majestic forests. Situated along the U.S. - Canadian border, Kabetogama Lake has miles of pristine undeveloped shoreline, 25,000 acres of clean, cool water and is one of four major lakes that make up Voyageurs National Park.

Established in 1975, Minnesota's only National Park commemorates a key stretch of waterway canoed by 18th century French-Canadian voyageurs who transported goods and furs along the International Border lakes. Kabetogama Lake is a forested lake country setting born of an ancient glacier flow, edged by the great Canadian Shield.

Unequaled Experience

Your next vacation destination!

Kabetogama Lake visitors can plan a week-long vacation, 3 or 4 day getaway, or an overnight stay. Choose a small resort or a variety of medium to large resorts that can provide many services. Some have play areas for families with small children and others rent everything down to complete fishing equipment packages. There are plenty of primitive campsites located on the islands within

Voyageurs National Park. Reservations are required for camping in Voyageurs National Park, to reserve a campsite visit www.recreation.gov or call 1-877-444-6777 for assistance. You may choose to cook meals at your cottage or eat out at one of the many dining facilities. Supportive services are available in the area to supply your vacation needs.

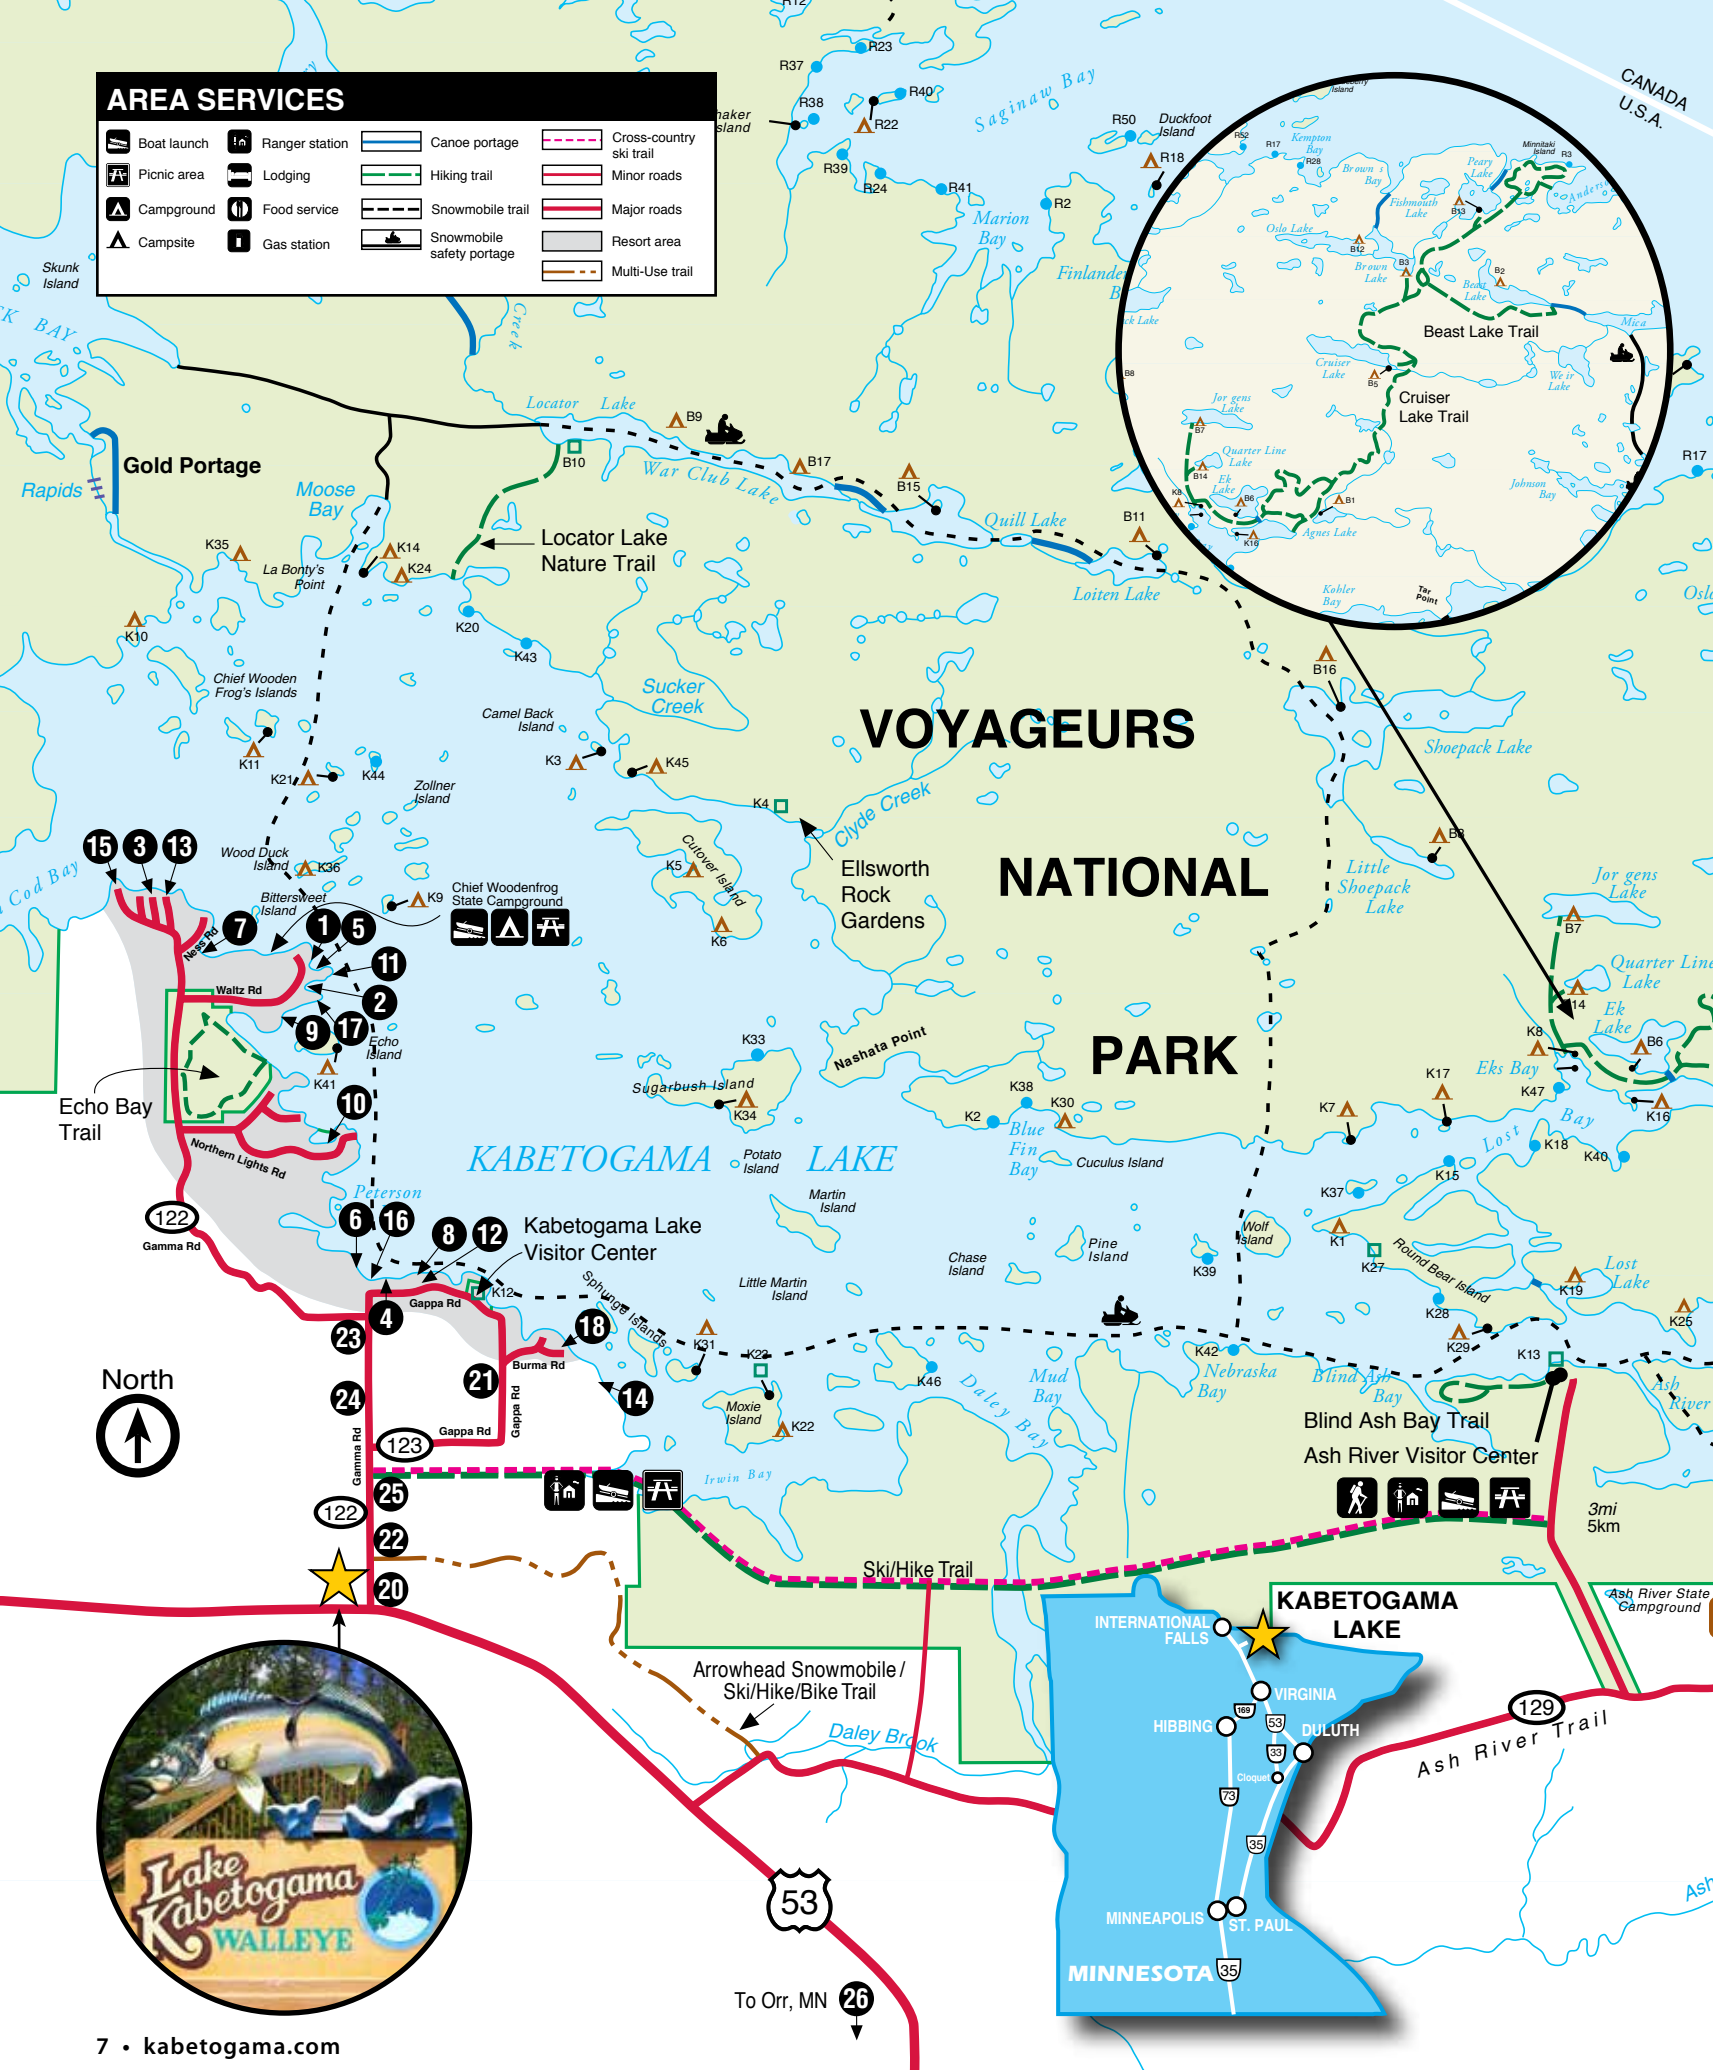

Hundreds of miles of groomed marked trails!

Trails within Voyageurs National Park create a large loop that encompasses Rainy, Kabetogama, Namakan, Sand Point and Crane lakes. There are short portages between lakes, but it is primarily lake top riding in the 110 mile network. A ride on the Chain of Lakes on the Kabetogama Peninsula is a MUST!

This 13 mile trail winds naturally through the heart of Voyageurs and is barely wide enough for a snowmobile but will transport you back to the early days of the sport. The park isn't the only area with exciting trails to ride, trails outside the park also provide their own scenic beauty and opportunities.
